Subject: Please do not threaten local jobs

I want to make sure the river cleanup is good for the environment and jobs.

Your job is to cleanup for the river, I get that. But I hope that the EPA regulators will also understand that we can't have a pristine river that gets that way only because we bankrupted our small businesses to pay for it.

Please consider all the facts and support a plan that protects local jobs.

Sincerely,

(b) (6)
